 Boone, North Carolina

“Summer time and the living is easy”. Ella Fitzgerald was clearly not a pediatric dentist! As we all know it is a very busy time of year for us. Quite literally, everybody and their brother show up to the office making for a noisier and more chaotic time in the office.

As usual, the AAPD meeting in San Antonio was a great success. Great lectures and fun reunions with friends are always highlights of the AAPD meeting.

I personally am looking forward to our joint meeting with the Southwestern Society of Pediatric Dentistry coming up in late September this year. The meeting hotel is in a fun location right in the French quarter. The lineup of speakers is really outstanding! Bobby Elliott, Martha Ann Keels, Philip Slonkosky and Gerald Sampson are leaders in our field and fun, dynamic speakers to boot.

If you haven't already secured your room and registered for the meeting, please do so now! I hope to see you there.

Enjoy your summer, spend these long evenings with family and friends, and laissez les bons temps rouler!

Martha Hardaway, DMD, MS, PA

Diplomate, American Board of Pediatric Dentistry

District III Trustee Report
Brian Beitel
Alabama

In a word, the 2016 Annual Session in San Antonio was AWESOME! (no, not HOT, but it was that also). In addition to another stellar scientific program, which has become the norm, the AAPD central office and San Antonio Local Arrangements Committee truly outdid themselves with an incredible Welcome Reception and overall tremendous event. We hit all of our target goals for attendance and the pre-conference course also exceeded expectations. Eric Wall, the keynote speaker, delivered his message on leadership while creating three different graffiti art pieces throughout his presentation. He then donated these to the HSHC auction raising thousands of dollars for the Foundation of the AAPD. The annual sessions are just getting way too difficult to miss. FYI next year's annual session will be in Washington DC.

I realize that its Summertime and not only are we absolutely slammed at the office but we have to find some time to take our own family vacations. Bottom line, something has got to give. Even though we have aapd.org as a resource and get the "Continuing Edge" sent to us monthly I would not want y'all to overlook a few CE courses coming up soon. Two webinars are just around the corner. In August, Dr Cavan Brunsden will present "Weird Things You Hear from Moms" and in September Dr Jessica Lee will present a two part series entitled "Management of Permanent Tooth Dental Trauma in Children and in Young Adolescents". And lastly, October 28-29 the AAPD is joining the Royal College of Surgeons Ireland at their Annual Scientific Meeting in Dublin, Ireland for "Small Beginnings Big Outcomes". Better start planning now for that one.

HSHC, The Foundation of the American Academy of Pediatric Dentistry continues its good deeds providing access to care for many children with dental needs. To date their efforts have heled find dental homes for over 300,000 children in 29 states through 81 grantees. HSHC has given over 4 million dollars in grants since 2010.

If you have not sent in your 2017 dues yet please consider giving generously to both HSHC and your PAC. There is still so much to accomplish.

As always, I appreciate being able to serve y'all more than anything and have enjoyed connecting folks together to solve our members problems. Please do not ever hesitate to contact me with any concerns and I will do my best to help. I can be reached at babeitel@comcast.net or on my cell at 256-508-7577.

Respectfully submitted,

Brian

Join us in The Big Easy

SSPD & SWSPD Joint Meeting

Sept. 29 - Oct. 2, 2016

New Orleans, LA

Schedule

Thursday, September 29

6:30-8:00pm **Welcome Reception**

Friday, September 30

Registration

includes: 2 breakfasts, 2 receptions, 7 hours of Continuing Education, and the chance to mingle with your fellow members of the Southeastern Society of Pediatric Dentistry and SouthWestern Society of Pediatric Dentistry.

“Vertical!”

Dr. Samson

Evidence Based Mixed Dentition Open-Bite Diagnosis and Treatment

The Grim Reaper, Mephistopheles, and Open-bite Discrepancies...

certainly the seasoned clinician is no stranger to the ominous kinship these three share. With valiant enthusiasm, we endeavor to manage open-bites that appear to have originated on another planet. Although battle weary, *war* is declared on vertical facial development that may tend to spiral out of control.

This seminar will concentrate on the clinical application of hands-on mixed dentition biomechanical and diagnostic regimes designed to manage open-bite malocclusions.

Participants are assured of a motivating and vertically entertaining educational experience in the realm of age appropriate, mixed dentition orthodontic biomechanics.

Drs. Keels, Slonkosky, and Elliott

“Think Before you Speak”

Combining our multi-decades of individual private practice experience we have perfected dozens of “less than 5 minute” communication gems. These allow friendly and respectful information portals for staff, parents and patients. In the (g)nathos tradition, attendees can expect a remarkably useful, interactive and entertaining clinical experience.

Learning Objectives:

- Learn simple, scripted, evidence-based responses to common, everyday questions and scenarios.
- Improve consistent messaging and TEAM dynamics within your practice culture.
- Demonstrate empathy and concern in answers that help build relationships between families and your practice.

Register online (swspd.org) or detach and return this form with your payment by September 1.

2017 Annual Continuing Education Course
The Ritz Carlton Buckhead, Atlanta Georgia

Friday: January 13th 8:30 - 5:00

Dr. Greg Psaltis has been a pediatric dentist for 42 years, primarily in private practice in Olympia, Washington. In addition to enjoying his practice, he lectures frequently on pediatric topics, as well as communication skills and practice management. He has published in several professional journals and often vacations by volunteering in Mexico and Bolivia to provide care for children without hope of access of care. His unique speaking style reflects his years of experience and keen observations, thus making his programs informative and entertaining. He was recently given the Gordon J. Christensen Lecturer Recognition Award for excellence in professional presentations.

His program will explore
“Getting past “UH-OH”, “NO”, and Helicopters

Saturday Morning: Jan 14th 8:30 - 12:30

Dr. Frank J. Sierra, DMD has maintained a private practice for over 20 years with a primary focus in oral health care for children with special needs. He is a fellow of the American Academy of Pediatric Dentistry and a Diplomate of the American Board of Pediatric Dentistry. He is a Past-President of the Florida Academy of Pediatric Dentistry and the Florida Cleft Palate-Craniofacial Association. He has served as a consultant to the anesthesia committee of the Florida Board of Dentistry for the FAPD for many years. Dr. Sierra is a wet fingered dentist who utilizes the full spectrum of behavior guidance from nonpharmacological techniques, operator administered conscious sedation, office based general anesthesia with an anesthesiologist, and hospital operating room treatment.

The program will explore

- Current societal and legislative environment and future trends
- Spectrum of treatment options from behavior management through general anesthesia
- Operator administered anesthesia versus medical team approach
- Traditional and nontraditional settings for oral health care under anesthesia
- Challenging cases will be discussed in an interactive format to explore best treatment modality

Saturday Afternoon Jan 13th 1:30 - 5:00

Sessions Title: Pediatric Dental Sedation and Anesthesia - (Almost) Everything You Need to Know

1:30- 2:30 What Can and has Gone Wrong in Dental Sedation...Hector Vila M.D.

2:30 – 3:30 The New AAPD Sedation Guidelines – What’s New and What’s MissingLinda Rice M.D.

4:00-5:00 Tips and Techniques – In Office Sedation and Anesthesia.... Dennis Stone M.D.

Hector Vila, Jr., MD

Dr. Hector Vila received his medical degree from Louisiana State University School of Medicine in 1989 and completed a 3-year residency in Anesthesia at the University of South Florida, where he received advanced training in Pediatric Anesthesia. At graduation he was the recipient of the Dripps Award for outstanding resident. He was certified by the American Board of Anesthesiology in 1994.

Dr. Hector Vila is nationally renowned for his work to improve the quality of care in ambulatory and office based anesthesia. Dr. Vila has served as chair of the South Carolina Medical Association Taskforce for Office Surgery Guidelines. He was lead author of the study, “A Comparative Outcomes Analysis of Procedures Performed in Physician Offices and Ambulatory Surgery Centers”. Abstracts of this study received international awards and attracted national media attention. He was quoted in US News and World

Report, CNN, Good Morning America, and numerous other media. He is considered an expert in the area of patient safety.

Dr. Vila is a Board of Medicine Office Inspector. He is currently the chair of the American Society of Anesthesiologists Ambulatory Committee and is on the Board of Directors of the American Society of Anesthesiologists. He has been asked to speak nationally and internationally on office surgery safety. Dr. Vila has been voted one of the Best Doctors in America, 2005, 2006, and 2007.

Linda Jo Rice, MD

Dr. Linda Jo Rice received her primary Board Certification in Anesthesiology in 1980 and most recently earned the newly created Board Certification in Pediatric Anesthesiology in 2014. She received her medical degree from the University of Kentucky and completed her anesthesiology residency at Naval Hospital Portsmouth, Virginia and her Pediatric Anesthesia fellowship at Children’s National Medical Center. She has been a professor at three universities, and is an internationally recognized lecturer in pediatric anesthesia. Dr. Rice has been voted one of the Best Doctors in America every year since 1993, when she was first nominated. She recently completed 25 years as an

examiner for the American Board of Anesthesiology. Prior to joining Pediatric Dental Anesthesia Associates, Dr. Rice practiced pediatric anesthesiology at All Children’s Hospital in St Petersburg, Florida for 20 years.

Dennis Stone M.D.

Dr. Stone is a pediatric anesthesiologist; a medical doctor who has completed specialty training in anesthesiology and extra training in anesthesia for infants and children.

Dr. Dennis Stone was certified by the American Board of Anesthesiology in 1980 and earned his recertification in 1993. He received his medical degree from the University of Miami in 1976 and completed a 3-year residency in Anesthesiology at The University of Florida. He served a pediatric anesthesia fellowship at The Children's Hospital of Philadelphia and a pediatric cardiovascular anesthesiology fellowship at the University of Alabama.

Dr. Stone has practiced pediatric anesthesiology for over 21 years at The Wolfson Children's Hospital where he served as Director of the Pediatric Anesthesia Department, Director of Outpatient Surgical Services, Director of Pain Management Services and was a founding member of the Division of Anesthesiology of The Nemours Children's Clinic.

Since 1998 he has provided I.V. sedation care for children in pediatric dental offices in the NE Florida and SE Georgia areas.

Sunday Morning Jan 15th 8:00 - Noon

8:00-9:00 Pediatric Anesthesia and Brain Development – Update on the Controversy...George Alvarez M.D.

9:00-10:00 Special Considerations for Special Needs – Autism, Downs and CP...Mike Garcia M.D.

10:30-11:30 Sedation and Common Childhood Diseases- Asthma, Allergies, Seizures...Andrew Pate M.D.

George Alvarez M.D.

Dr. Alvarez received his medical degree from the University of South Florida College of Medicine and completed residencies in Pediatric Medicine and Anesthesiology at Naval Regional Medical Center in Virginia and Pediatric Anesthesiology at the Children's Hospital National Medical Center in Washington DC. Dr. Alvarez served as Chief of Anesthesiology and Clinical Practice Director at All Children's Hospital/ Johns Hopkins Medicine facility in Saint Petersburg before joining Pediatric Dental Anesthesia Associates

Andrew Pate M.D.

Dr. Pate received his medical degree from the University of South Carolina School of Medicine in 1986. After completing an internship at Johns Hopkins (in Baltimore) he completed an Anesthesiology Residency at George Washington University, including Pediatric Anesthesia training at the National Children's Hospital in Washington, DC. He then completed his postgraduate training in Obstetrical Anesthesia at the George Washington University Medical Center in Washington D.C. He is board certified in Anesthesiology by the American Board of Anesthesiology and he is a diplomat of the National Board Medical Examiners

Michael Garcia, M.D.

Dr. Garcia is a Board Certified Pediatric Anesthesiologist, a medical doctor who received advanced training in providing sedation and anesthesia for infants and children. His medical degree was completed at the University of Rochester, in New York. Anesthesia training was completed over three years at the National Naval Medical Center in Bethesda, Maryland and included advanced pediatric training at Children's National Medical Center in Washington D.C. He has spent over twenty years providing sedation and anesthesia for infants and children, including serving as Chief, Division of Anesthesia at All Children's Hospital, a branch of Johns Hopkins Medicine. His goal: treat everyone's child the way he would want his children treated.
